

# MR Series

## Multi Spindle Turret Rewinder

### Overview

The MR, available in 3 or 5 spindle configurations, provides superior performance and control in a robust design. The integrated festoon allows cutting and transferring at zero speed to effectively handle lighter materials, film and perforated products.

### Standard Features

- Automatic transfer to new core at programmed linear count or roll diameter
- Automatic zero speed transfer at process line speed
- Rugged plate-steel construction
- AC vector driven spindles
- Taper or linear winding tension
- PLC Controls with touch screen
- Remote diagnostics ready

# MR Series

## Multi Spindle Turret Rewinder

### Options

- Automatic web gluing
- Pneumatic spindles for alternate core sizes
- Roll closure system
- On board slitting with web guide
  - Shear
  - Razor
- Spiral grooved rollers
- Roll unloading cart
- Roll eject assist
- Casters

MODEL MR2016-05

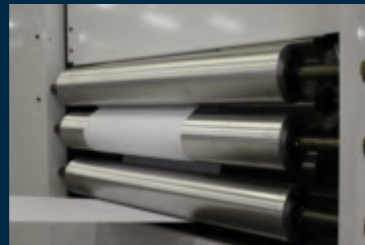

DIMENSIONS SUBJECT TO CHANGE WITHOUT NOTICE

## Specifications

**Web Width** • Up to 24 inch (609mm)  
**Roll Diameter** • Up to 24 inch (609mm)  
**Roll Weight** • Up to 250 lbs (113 kg)  
**Transfer Speed** • Up to 750 FPM (228 MPM)  
**Core Size** • 3 inch (76mm)

### Materials

Paper  
Laminates  
PS Labels  
Film
